

CLINICAL PASTORAL EDUCATION PROGRAM UI HEALTH

SUMMER 2023 FULL/PART-TIME CPE UNIT ENROLLMENT OPEN

University of Illinois Hospital and Health Sciences System (UI Health) comprises a clinical enterprise that includes a 462-bed tertiary care hospital, 21 outpatient clinics, and 14 Mile Square Health Center facilities, which are Federally Qualified Health Centers. It also includes the seven University of Illinois at Chicago health science colleges.

Our chaplain training program provides a learning opportunity for ministry professionals, seminary students, and qualified lay persons to develop their theoretical, clinical, theological, professional, and personal competencies in the delivery of spiritual care to patients, their families, staff and students.

We are offering **full (July 3-September 24)** and **part-time (July 3-December 24)** interfaith units at varying levels based on enrollment. With curriculum developed by the Institute for Clinical Pastoral Training (ICPT), we are dedicated to offering a standardized and evidenced-based Clinical Pastoral Education (CPE) training program to chaplains and spiritual care providers.

CPE Unit Requirements:

100 hours of didactic learning	Group discussion
Orientation paper and ten reflection reports	Midpoint and final evaluations
Six case studies	Self-paced learning modules
Customized coaching/supervision	300 hours clinical/applied learning

What Makes the UI Health/ICPT CPE Program Unique?

The hybrid learning units blend in-person clinical experience with on-line meetings via videoconferencing and virtual instruction. This allows the CPE supervisor to deploy technology with face-to-face teaching to meet the unique needs of our learners.
